This action meets the requirements of the San Fernando Valley (Area 1) Superfund site Record of Decision dated September 24, 1987, for the North Hollywood Operable Unit. The contaminated groundwater is remediated to meet drinking water standards and is then served to the public in the greater Los Angeles area.  This amendment increases the EPA funding amount by \$504,528.00 from \$568,285.00 to \$1,072,813.00 to fully fund this grant and to extend the budget and project period end dates to September 30, 2009.

7. Payment to consultants. Per 40 CFR **Part 31.36(j)**, EPA's participation in the salary rate (excluding overhead and travel) paid to individual consultants retained by recipients or by a recipient's contractors or subcontractors shall be limited to the maximum daily rate for a Level IV of the Executive Schedule, to be adjusted annually. This limit applies to consultation services of designated individuals with specialized skills and if the terms of the contract provide the recipient with responsibility for the selection, direction, and control of the individuals who will be providing services under the contract at an hourly or daily rate of compensation. As of January 1, 2009, the rate is \$587.20 per day and \$73.40 per hour. This rate does not include overhead or travel costs and the recipient may pay these in accordance with its normal travel practices.

Subagreements with firms or individuals for services which are awarded using the procurement requirements in 40 CFR Parts 30 or 31, as applicable, are not affected by this limitation unless the terms of the contract provide the recipient with responsibility for the selection, direction, and control of the individuals who will be providing services under the contract at an hourly or daily rate of compensation.
